**Every Mac comes with complimentary telephone technical support for 90 days after your purchase and a one-year limited warranty. The AppleCare Protection Plan, which must be purchased within the span of the one-year limited warranty, extends your service coverage and support. AppleCare provides customers with technical support options for the hardware and software. It offers hardware coverage for the Mac computer, included accessories such as the power adapter, and any Apple display purchased at the same time and on the same receipt as your Mac. AppleCare does not cover damage from spills, drops, or other accidents. It protects users from manufacturing defects or hardware issues; it is not an insurance policy. Mac computers covered under the AppleCare Protection Plan are eligible for complimentary support from the Bookstore Technology Center, an Apple Authorized Service Provider.**

* Cinema Displays which are purchased with a new Mac are covered by the computer’s AppleCare Protection Plan.

**What is Thunderbolt?**

Thunderbolt is a new I/O (input/output) technology developed by Intel that allows for two-way data transfers at speeds up to 10 Gbps. While it resembles the Mini DisplayPort featured on previous Macs, it also incorporates the versatility of PCI Express. This combination allows a single port to support both high-resolution video-out and high-performance data transfer. Existing PCI Express technologies such as USB 2.0 and FireWire can be connected to the Thunderbolt port using simple adapters. When connected to a Thunderbolt peripheral, the connection allows for data transfers at speeds up to 20 times faster than USB 2.0 and more than 1.2 times faster than FireWire 800. To put those numbers into perspective, a Thunderbolt connection can transfer a full-length HD movie between compatible devices in just 30 seconds.

**Macbook Air SuperDrive**

Compact and convenient, the MacBook Air SuperDrive connects to your MacBook Air with a single USB cable and fits easily into a travel bag. It lets you install software and play and burn both CDs and DVDs, including double-layer DVDs.
## Macbook Pro

### 13”
- **Display:** 13.3” LED backlit glossy (1200 x 800)
- **Processor:** 2.50 GHz Intel Core i5 Dual Core (Turbo Boost up to 3.1 GHz)
- **Hard Drive:** 500 GB 5400-rpm
- **Memory:** 4 GB of 1600 MHz DDR3 (up to 8 GB)
- **Graphics:** Intel HD Graphics 4000
- **Optical Drive:** 8x Superdrive
- **Communication:** 802.11n wireless; Bluetooth 4.0 + EDR; Ethernet
- **Audio/Video:** Audio in/out jacks; Facetime camera; microphone; Thunderbolt
- **Connectivity:** USB 3.0 (2); Firewire 800; SDXC card slot
- **Battery:** Up to 7 hours of wireless productivity
- **Warranty:** 1-year limited with 90 days phone support
- **Weight:** 4.5 pounds
- **Price:** $999 MD101LL/A

### 15”
- **Display:** 15.4” LED backlit glossy (1440 x 900)
- **Processor:** 2.3 GHz Intel Core i7 Quad Core (Turbo Boost up to 3.3 GHz)
- **Hard Drive:** 500 GB 5400-rpm
- **Memory:** 4 GB of 1600 MHz DDR3 (up to 8 GB)
- **Graphics:** Intel HD Graphics 4000
- **Optical Drive:** 8x Superdrive
- **Communication:** 802.11n wireless; Bluetooth 2.1 + EDR; Ethernet
- **Audio/Video:** Audio in/out jacks; Facetime camera; microphone; Thunderbolt
- **Connectivity:** USB 3.0 (2); Firewire 800; SDXC card slot
- **Battery:** Up to 7 hours of wireless productivity
- **Warranty:** 1-year limited with 90 days phone support
- **Weight:** 5.6 pounds
- **Price:** $1699 MD103LL/A

## Macbook Pro Retina Display

### 13” Retina Display
- **Display:** 13.3” LED backlit glossy with Retina Display (2560 x 1600) 227ppi
- **Processor:** 2.50 GHz Intel Core i5 Dual Core (Turbo Boost up to 3.6 GHz)
- **Hard Drive:** 128 GB Flash Storage
- **Memory:** 8 GB of 1600 MHz DDR3 (up to 8 GB)
- **Graphics:** Intel HD Graphics 4000
- **Optical Drive:** No drive
- **Communication:** 802.11n wireless; Bluetooth 4.0 + EDR; Ethernet
- **Audio/Video:** Audio out jacks; Facetime camera; microphone; Thunderbolt
- **Connectivity:** USB 3.0 (2); Thunderbolt(2);HDMI; SDXC card slot
- **Battery:** Up to 7 hours of wireless productivity
- **Warranty:** 1-year limited with 90 days phone support
- **Weight:** 3.5 pounds
- **Price:** $1399 MD212LL/A

### 15” Retina Display
- **Display:** 15.4” LED backlit glossy with Retina Display (2800 x 1800) 220ppi
- **Processor:** 2.4GHz Quad-Core Intel Core i7 (Turbo Boost up to 3.6 GHz)
- **Hard Drive:** 256 GB Flash Memory
- **Memory:** 8 GB (2 X 4 GB) of 1600 MHz DDR3
- **Graphics:** Intel HD Graphics 4000
- **Optical Drive:** No drive
- **Communication:** 802.11n wireless; Bluetooth 4.0 + EDR; Ethernet
- **Audio/Video:** Audio out jacks; Facetime camera; microphone; Thunderbolt (2)
- **Connectivity:** USB 3.0 (2); Thunderbolt(2);HDMI; SDXC card slot
- **Battery:** Up to 7 hours of wireless productivity
- **Warranty:** 1-year limited with 90 days phone support
- **Weight:** 4.4 pounds
- **Price:** $1999 ME664LL/A
